Here at Antelope Point Marina we offer a **Premium Cart Valet Program** to customers who own their own golf carts. This program includes the indoor storage of the cart, one annual maintenance service and staging of the cart prior to the customer's arrival. This is a fairly new service and it will help preserve our customer's assets while also mitigating cart congestion on the dock caused by unattended carts being left during up lake trips.

The **Premium Cart Valet Program** breaks down as follows:

- Carts will be stored in our new dry storage building.
- Carts will be staged in the turnaround circle near Security prior to a customer's arrival per the dates/times specified on the trip confirmation form.
- Carts will be retrieved from the dock once a customer departs up lake for their trip and returned to storage.
- Carts will be re-staged in front of the slip prior to the conclusion of a customer's trip per the dates/times specified on the trip confirmation sheet.
- Carts will be washed, fueled and stored until the next trip.
- Carts will receive a yearly maintenance service each off-season to ensure that it is ready for the next season. (parts not included)
- Cart Valet Services does need at least a 48 hour or more notice to properly get your cart turned and fueled.
- All Cart Valet owners must sign the Cart Policy as well as submit a copy of their insurance for the cart to be operated on the marina.

**Cost: \$125 per month (\$1,500 per year)**

**Please sign and return this document if you would like to opt into the Premium Cart Valet Program.**
